CHEF'S TIP

Have any cheese on hand—say, cheddar or Monterey Jack? Grate some up (if it's not pre-shredded) and fold into your mashed potatoes in step 5 for extra richness.

HAVE A CUSTOMPLATE?

Hey, EP friend! Did you substitute **chicken breast strips** for diced steak? Cook through the recipe as instructed, swapping in chicken for steak in steps 3 and 6. In step 3, cook the chicken until browned and cooked through, 4–6 minutes.

1.

Wash and dry all produce. Dice **potatoes** into ½-inch pieces. Trim, peel, and dice **carrots** into ¼-inch pieces. Halve, peel, and dice **onion**. Pick **thyme leaves** from stems; roughly chop leaves until you have 1 TBSP (2 TBSP for 4 servings).

2.

Place **potatoes** in a medium pot with enough **salted water** to cover by 2 inches. Bring to a boil and cook until tender when pierced with a fork, 12–15 minutes. Reserve ½ cup **potato cooking liquid**, then drain and return potatoes to pot. Keep covered off heat until ready to mash.

3.

While potatoes cook, pat **diced steak** dry with paper towels. Heat a **large drizzle of oil** in a medium pan (use a large pan for 4 servings) over high heat. Add steak and cook, stirring occasionally, until browned and cooked to desired doneness, 2–3 minutes. Season with **salt** and **pepper**. Turn off heat; transfer to a plate. Wipe out pan.

4.

Heat a **drizzle of oil** in same pan over medium-high heat. Add **carrots** and **onion**; cook, stirring, until softened, 7–8 minutes. Season with **salt** and **pepper**. Add 1 TBSP **butter** and 2 tsp **chopped thyme** (2 TBSP butter and 4 tsp thyme for 4 servings). Once butter has melted, add 2 TBSP **flour** (4 TBSP for 4). Cook, stirring, until lightly browned, 2–3 minutes.

5.

Slowly add 1 cup **plain water** (1½ cups for 4 servings) to pan with **veggies**, stirring, until thoroughly combined. Add **stock concentrates** and season with **salt** and **pepper**. Simmer until thickened, 1–2 minutes. If mixture is too thick, stir in a splash more water. Meanwhile, mash **potatoes** with **sour cream** and 1 TBSP **butter** (2 TBSP for 4). Add splashes of **reserved potato cooking liquid** (or **milk**, for extra creaminess) as necessary until smooth. Taste and season with **salt** and **pepper**.

*Steak is fully cooked when internal temperature reaches 145 degrees.
Chicken is fully cooked when internal temperature reaches 165 degrees.*

6.

Stir **steak** into pan with **veggies** until thoroughly combined. Spread **mashed potatoes** on top of steak mixture, leaving a 1-inch gap around edge of pan. Sprinkle with as much **remaining chopped thyme** as you'd like, then divide between plates.
